MANILA INTERNATIONAL BOOK FAIR

Updating the collection through acquisition is done with the faculty members and program chairs. At every Manila International Book Fair (MIBF), the program chair and faculty they assign are accompanied by the librarians in the selection process. Librarians prepare a Title Inventory file and provide it to each program, which will guide them in selecting titles for courses that need more numbers.

SOCIAL LEARNING ZONE (CLIR-RIZAL)

A social learning zone in a library is a designated area that encourages collaborative learning and group study. Unlike silent study zones, these spaces allow for discussion and interaction. They might be equipped with Bean bags, Desk with Plant box, Trapezoid Folding Table, Hexagon Ottoman, etc. to help brainstorming and teamwork. This environment is ideal for students working on group projects, studying for presentations, or discussing course material with classmates. While some noise is expected, libraries typically have guidelines for maintaining a respectful volume level within these zones.

SECURITY GATE

A security gate in a library is a technological checkpoint typically positioned at the exit. It uses sensors to detect library materials that have not been properly checked out. When an un-checked item passes through the gate, it triggers an alarm to alert staff and potentially prevent theft of library resources.

CHARGING STATIONS

A charging station is a designated area where patrons can recharge their electronic devices, typically laptops, phones, and tablets. These stations provide access to power outlets. Located in the Individual Study Zone and Collaborative Learning Zone.
