THIRD TERM 2023 - 2024 TOP STUDENT BORROWER

I'm thrilled to share a little story from this past term: I've been honored as the top library borrower for the third term of the 2023-2024 academic year! It's been a wonderful journey diving into the library's vast collection and discovering new favorites along the way. This recognition feels like the cherry on top of my reading adventures, and I'm excited to continue exploring and learning through the library's resources.

THIRD TERM 2023 - 2024 TOP FACULTY BORROWER

I am quite humbled by this recognition. Our BACOMM program has always regarded CLIR as one of the pillars in the delivery of quality education to our Communication students. I am witness to the dedication and commitment of our colleagues in CLIR in ensuring we have relevant and up-to-date resources on the shelves. Their effort to make knowledge accessible to every member of the Mapua MCL community is highly commendable. This is why the shelves in CLIR are the first go-to places whenever I need quality reference materials. I always tell my students to take advantage of their access to the materials in CLIR because of the wealth of resources that are in each shelf. Thank you very much TEAM CLIR. Keep up the good work.
