RECOMMEND-A-PURCHASE

A service that enables library users to propose recommendations for new titles to the current collection of resources.

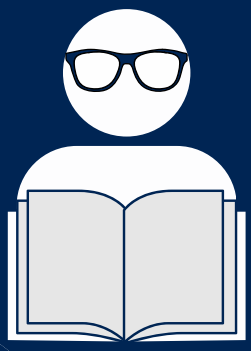

MAPÚA MCL CLIR SERVICES

BOOK-A-SEAT SERVICE

Finding the perfect study spot is now easier than ever with MMCL CLIR's Book-a-seat Service. This convenient service allows you to reserve a seat in the library, ensuring a dedicated space and a comfortable and focused environment for your academic endeavors.

CLIR LIAISON

CLIR liaisons are also involved in activities such as developing collections to support the teaching, learning, and research needs of the students and faculty, introducing public available resources or open access materials for additional reference, serving as the department contact person when they have library-related questions, communicating changes in library services and resources, and sending announcements about library services and relevant programs or events to the community, as well as making sure that CLIR has an expansive database that isn't out of date.

LIBRARY SERVICES RELEVANT TO THE NEEDS OF THE PROGRAM

CLIR exists to support the teaching, research and extension functions of MMCL. Its goal is to maximize the accessibility of the resources and provide online services for research and digital learning support. CLIR provides various services like in support to users' needs to information studies, such as the types and kinds of resources there is and what constitutes them, they may book a session with a librarian through the Book-A-Librarian service to provide guided virtual tours of any of resources, searching strategies, and citation managers.

A chat reference service called CORA or CLIR Online Reference Assistant where users can ask questions on how to access their resources and how to avail themselves of their services is provided from Monday to Saturday, 7:00AM to 5:00PM through CLIR webpage and/or Facebook page.

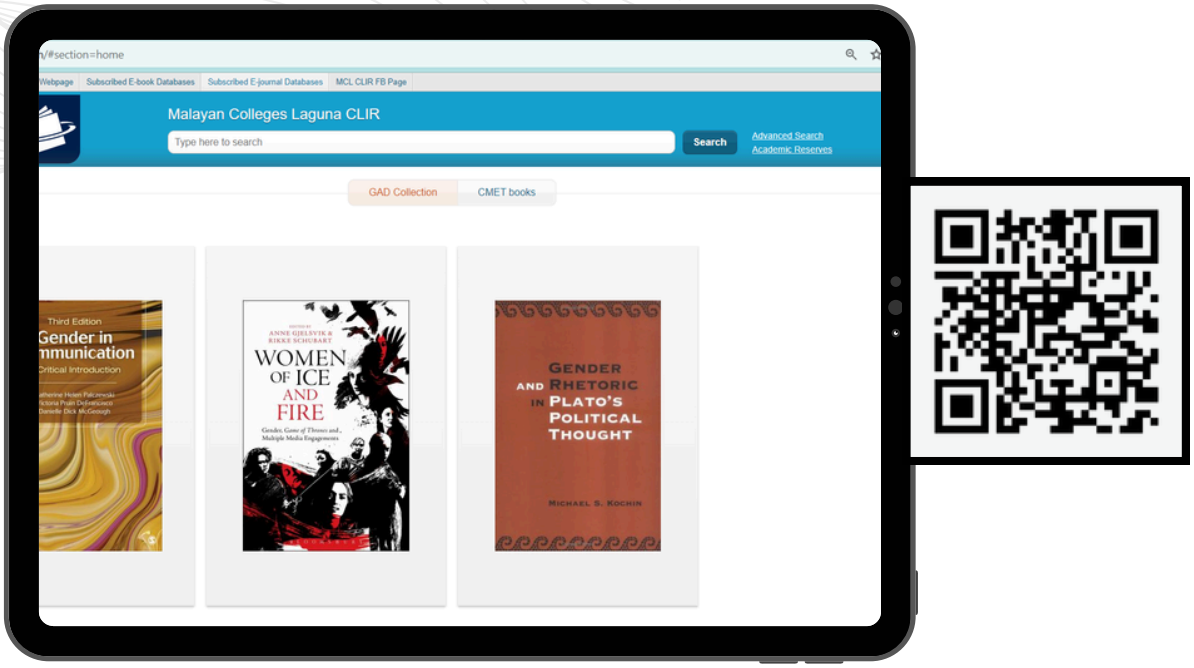

Lastly, in assistance to library users through provision of access to e-copies of theses, e-journals, and scanned copy of book chapters Online Document Delivery Service or ODDS is available.

MAPÚA MCL CLIR RESOURCES

The Center for Learning and Information Resources (CLIR) is committed to supporting Mapúa Malayan Colleges Laguna's (MMCL) dedication to quality education. We will achieve this by providing a comprehensive collection of electronic resources designed to be a powerful tool for your academic success.

SEARCH THE AVAILABLE PRINT COLLECTION THROUGH WEB OPAC

OPAC stands for Online Public Access Catalog. Through WebOPAC library users may search the available print books, theses and soon e-journals. It is also a platform where library users can login to their library account for reserving, renewing and monitoring borrowed books and fines.

GENERAL COLLECTION

The General Circulation Collection is located in CLIR-Einstein. The collection is composed of books in varied subject areas supporting both the basic and professional courses from the different program offerings of Mapua Malayan Colleges Laguna.

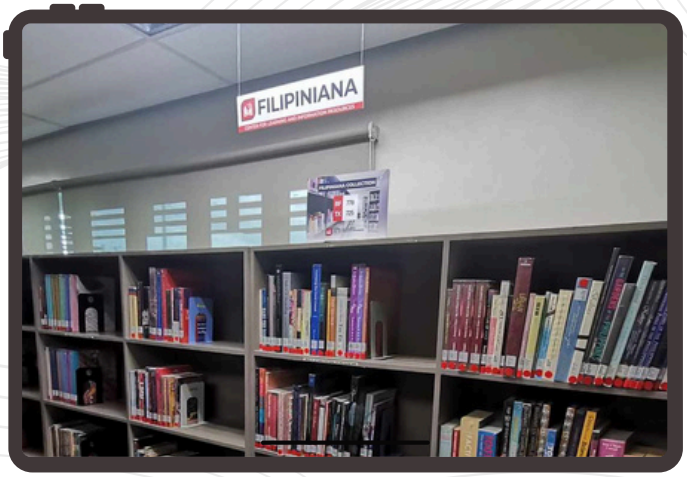

REFERENCE COLLECTION

These collections are intended for quick consultation and finding information rather than cover-to-cover reading. These typically include encyclopedias, dictionaries, atlases, almanacs, and handbooks on various subjects.

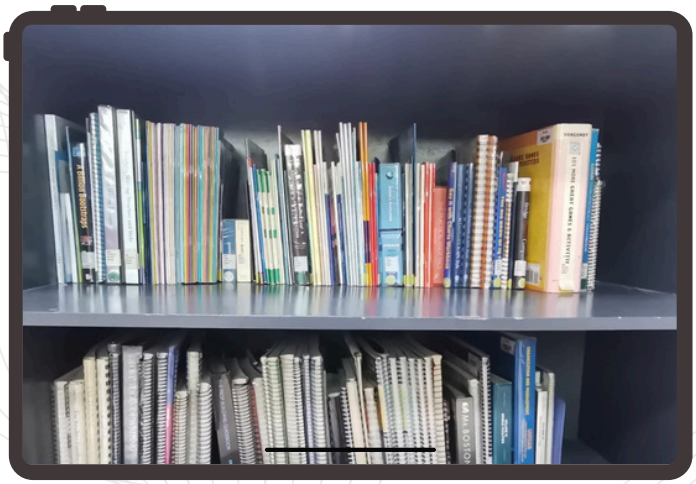

FICTION COLLECTION

This collection is a library dedicated to creative writing, including novels, short stories, plays, and poetry. These works are not intended to be factual accounts and explore themes and stories through imagination. This collection allows patrons to borrow books for enjoyment and personal reading.

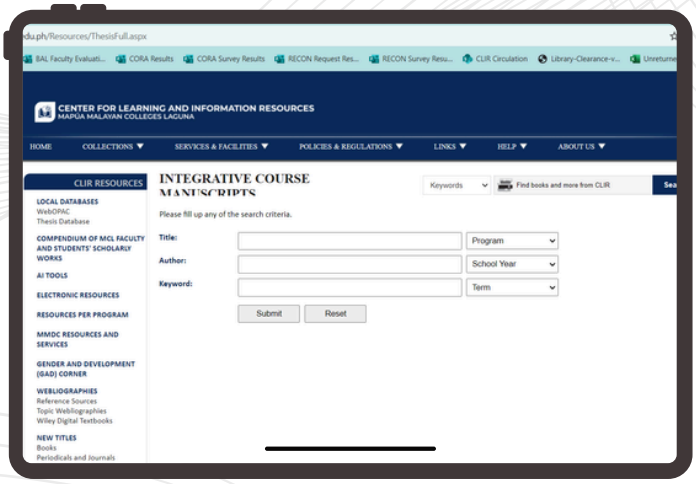

FILIPINIANA COLLECTION

The collection is composed of local print books supporting most of the basic courses and some professional courses from the different programs offered by Mapua Malayan Colleges Laguna.

RESERVE COLLECTION

Placed in the counter area of CLIR-Einstein. The collection is composed of books suggested as references by faculty members for the different courses and books considered as in-demand by the library staff based on circulation history.

INTEGRATIVE COURSE MANUSCRIPTS

A collection of research studies conducted by MMCL students from all programs. It is available online and can be requested through the Online Document Delivery Service.

MAPÚA MCL CLIR FACILITIES

CLIR ZONES

INDIVIDUAL STUDY ZONE (CLIR-EINSTEIN)

An individual study zone is specifically designed for quiet, focused study by a single person. This zone minimizes distractions and prioritizes an environment conducive to concentrated learning–this space is for silent phones, laptops, headphones, and devices.

MAPÚA MCL CLIR FACILITIES

CLIR ZONES

COLLABORATIVE LEARNING ZONE (CLIR-EINSTEIN)

This well-lit space features a mix of round, rectangular, and drafting tables with comfortable chairs, perfect for group brainstorming, group study, focused teamwork, small group conversations, and individuals who seek ambient noise when studying. This inviting area fosters creative thinking and productive collaboration

MAPÚA MCL CLIR FACILITIES

MMCL CLIR ZONES

SOCIAL LEARNING ZONE (CLIR-RIZAL)

A social learning zone in a library is a designated area that encourages collaborative learning and group study. Unlike silent study zones, these spaces allow for discussion and interaction. They might be equipped with Bean bags, Desk with Plant box, Trapezoid Folding Table, Hexagon Ottoman, etc. to help brainstorming and teamwork. This environment is ideal for students working on group projects, studying for presentations, or discussing course material with classmates. While some noise is expected, libraries typically have guidelines for maintaining a respectful volume level within these zones.

MAPÚA MCL CLIR FACILITIES

DISCUSSION ROOM (CLIR-RIZAL)

Libraries are stereotyped as places for complete silence but not for today's generation. CLIR recognizes the value of collaborative learning and created a dedicated discussion room at CLIR-Rizal to meet users' needs. Equipped with an LCD TV and HDMI cable, this space is perfect for group study sessions, brainstorming discussions, and even tutorials. It also offers a flexible environment for conducting interviews and meetings.

The discussion room is open Monday to Saturday, 8:00 AM to 4:00 PM, and may accommodate at least four and a maximum of ten. It is available first come, first served with a maximum of two hours per group.

MAPÚA MCL CLIR FACILITIES

CYBER SEARCH AREA (CLIR-EINSTEIN)

MAC computers specifically designated for internet access. These computers are available for all library users for their research.

SECURITY GATE

A security gate in a library is a technological checkpoint typically positioned at the exit. It uses sensors to detect library materials that have not been properly checked out. When an un-checked item passes through the gate, it triggers an alarm to alert staff and potentially prevent theft of library resources.

CHARGING STATIONS

A charging station is a designated area where patrons can recharge their electronic devices, typically laptops, phones, and tablets. These stations provide access to power outlets. Located in the Individual Study Zone and Collaborative Learning Zone.

FACULTY'S PARTICIPATION IN BOOK SELECTION

MANILA INTERNATIONAL BOOK FAIR

Updating the collection through acquisition is done with the faculty members and program chairs. At every Manila International Book Fair (MIBF), the program chair and faculty they assign are accompanied by the librarians in the selection process. Librarians prepare a Title Inventory file and provide it to each program, which will guide them in selecting titles for courses that need more numbers.

MARE RESOURCES INVENTORY AND GAP ANALYSIS

An evaluation of library holdings published between 2021 and 2025 was conducted across 37 Maritime Engineering (MARE) courses. The assessment used a minimum requirement of five (5) titles per course, in line with CHED CMO No. 22, series of 2021, and the AUN-QA standards for learning resources.

The findings revealed an average compliance rate of 24.32% with an average shortfall of 3.78 titles per course. Additionally, 17 courses were identified as having no recent titles, particularly in machine shop, marine automation, auxiliary machinery, maintenance and repair, and other specialized maritime engineering courses, indicating insufficient access to current learning resources that support contemporary maritime education and training.

These results will inform CLIR's targeted acquisition planning, guided by faculty input, to enhance alignment with curricular requirements and support teaching, learning, and research outcomes.

CLIR ACTIVITIES

FROM SHELVES TO SCREEN

Written by: Paula Franczeska L. Gabito

In an age where information is often consumed through quick posts and endless scrolling, finding reliable and meaningful updates can make a significant difference for students navigating their academic journey.

Recognizing this need, the **Mapúa MCL Center for Learning and Information Resources (CLIR)** introduced a new platform designed to keep the community informed and connected. The launch of the first-ever **CLIR digital newsletter** marks an important milestone in strengthening communication between the library and the Mapúan community. Through this initiative, students and faculty can easily access updates about library services, newly available resources, and initiatives that support learning and research. More than just a collection of announcements, the newsletter aims to serve as a **central hub** where the community can stay updated on the many ways the library continues to evolve.

Among the highlights featured in the newsletter are newly unveiled **study zones** designed to accommodate different learning styles and provide more conducive spaces for studying and collaboration. The issue also introduces updated access to important **academic tools** such as *Grammarly*, various **online research databases**, and new subscriptions including *Wiley Online Journals* available through Microsoft Live accounts. In addition to these resources, the newsletter highlights student-centered initiatives like **CLIR XP: Earn Your Library Badges**, an interactive activity that encourages students to explore both the physical and digital services of the library. The issue also presents insights from **usage statistics**, reflecting how students and faculty continue to maximize CLIR's services–from research assistance and document delivery to the use of online databases and library spaces.

As its first edition reaches the Mapúan community, the CLIR digital newsletter reinforces the library's role as a **dynamic space** for learning, discovery, and collaboration.

CLIR ACTIVITIES

20 YEARS, 2000 STORIES

Written by: Ryza Mae G. Pasardan

In alignment with the SDG 4: Quality Education and the SDG 17: Partnership for the Goals. The Center for Service-Learning and Community Engagement's (CSCE) has launched its "20 Years, 2,000 Stories: A Legacy Library Project" program. With this, The Center for Learning and Information Resources (CLIR) has partnered with C&E Publishing Inc. as donors for gently used books for an upcoming functional community library in Brgy. Dapdap East, Tagaytay City, Cavite.

With the successful partnership of both the C&E Publishing Inc. and CLIR, 282 books will be donated and supplied for Cavite's functional community library. This collaboration is facilitated with the intention of ensuring that the resource gaps from students to families are bridged and catered for. Moreover, since academic books have populated most of the donations, both CLIR and the C&E Publishing Inc. aim to highlight the importance of education.

The Center for Learning and Information Resources (CLIR) then initiated a direct donation drive by visiting the community library of Brgy. Dapdap East in Tagaytay City, Cavite last 31st of January 2026 along with The Center for Service-Learning and Community Engagement's (CSCE). Along with the planned book donation, some of this community engagement's aims are, namely, to be able to help with the community library's organization (e.g.: color-coding systems), facilitation of "Daily Utilization Log" for tracking visitor data and their book usages, and resource processing for identifying accession numbers and category labels.

With the latter objectives cited, it is with great news that they were all made possible the same day along with extending the help further towards the barangay staff, the community's children, and the student volunteers.

To expound, the barangay staff gained knowledge with regards to library management, book processing, and collection tracking; the community's children now have the access to a functional library to assist in literacy; and student volunteers were able to develop leadership skills, collaborative skills, and socio-civic responsibility.

But that's not all, the community engagement with Brgy. Dapdap East did not just start and end with donating books and assisting with the library's organization, but a storytelling experience was also shared with 65 children. This is to encourage or enrich each child's literacy and learning habits. With a preceding series of interactive warm-up games and icebreakers, children were found to have the brightest smiles with active engagem ent along with their capability to comprehend the read story's moral and plot points.

Being able to see this planned program written on paper come to fruition, it is with great delight and fulfillment to witness this idea come to life along with the fact that extending help was the main heart behind this community engagement's motive.

Overall, this donation is more than just being able to give; it is also offering a chance for education to people with people who cannot afford to access such privilege. Let us guarantee the growing future of education through the power of reading and literacy through sharing wisdom with anyone who possesses the right – everyone.

CLIR ACTIVITIES

LOVE AT FIRST PAGE

Written by: Paula Franczeska L. Gabito

Valentine's season is often associated with flowers, chocolates, and heartfelt messages shared between loved ones. This year, however, your favorite university library, the Mapúa MCL Center for Learning and Information Resources (CLIR) offered students a **different kind of match** – one that could be found between the pages of a good book.

From **February 9** to **14, 2026**, CLIR hosted "***Swipe Right on a Read***," an interactive blind date with a book activity held at CLIR Einstein. The event invited students to discover new titles by selecting wrapped books labeled only with brief descriptions that hinted at the story inside. By removing the book covers and focusing on themes instead, the activity encouraged participants to take a chance on unfamiliar stories and explore new literary interests.

Students who participated in the activity were **encouraged to read** their selected books and share their thoughts by submitting reviews and ratings. Completing the activity also qualified them for a **raffle draw**, adding an extra layer of excitement to the experience. Throughout the week, the library buzzed with curiosity and enthusiasm as students browsed through the mysterious book selections.

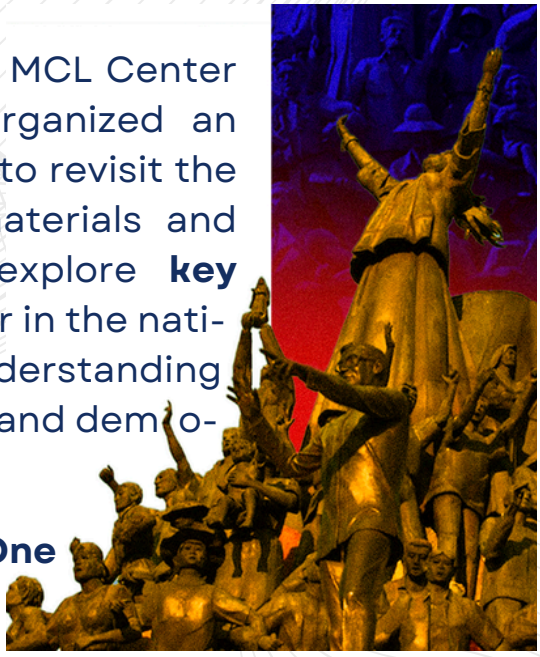

By the end of the event, **61 students** successfully matched with their books, proving that sometimes the best literary discoveries happen by surprise. Through engaging activities like Swipe Right on a Read, CLIR continues to **create opportunities** that bring the Mapúan community together while fostering a love for reading and exploration.

FOUR DAYS, A MILLION VOICES

Written by: Paula Franczeska L. Gabito

History lives on through the stories we continue to share and the lessons we choose to remember. Among the most significant moments in Philippine history is the **EDSA People Power Revolution**, a peaceful uprising that demonstrated the strength of unity and the power of collective action.

In commemoration of this historic event, the Mapúa MCL Center for Learning and Information Resources (CLIR) organized an **initiative** that encouraged the university community to revisit the stories behind the revolution. Through curated materials and informative displays, students were invited to explore **key moments and figures** that shaped this pivotal chapter in the nation's history. The activity served as a reminder that understanding the past allows us to better appreciate the freedoms and democratic values enjoyed today.

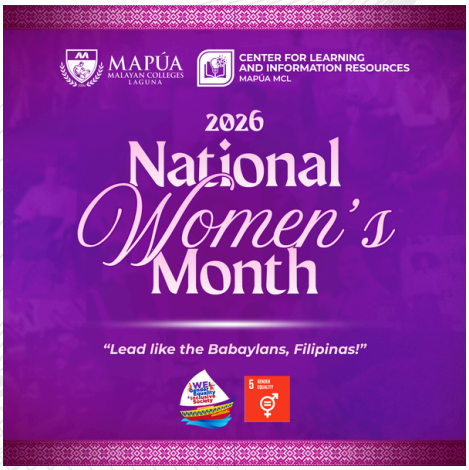

Guided by the message **"One story. One lesson. One generation at a time,"** the initiative emphasized the importance of preserving historical memory among younger generations. Books and learning materials related to the revolution were highlighted to encourage **deeper reflection** on the events that unfolded during those historic days in **February 1986**. By revisiting these narratives, students were reminded that the **courage** and **determination** of ordinary citizens can shape the course of a nation's future. The initiative also provided an **opportunity** for members of the community to reflect on the enduring values of unity, freedom, and civic responsibility.

Through commemorative activities like this, CLIR continues to support not only academic learning but also **historical awareness** within the Mapúan community.

LOADING... HER-STORY

Written by: Paula Franczeska L. Gabito

Throughout history, women have played an essential role in shaping communities, preserving culture, and inspiring progress through their **leadership and resilience**. Their stories reflect courage, compassion, and a deep commitment to creating meaningful change for future generations.

In celebration of National Women's Month, the Mapúa MCL Center for Learning and Information Resources (CLIR) launched ***HerStory: A Digital Exhibit of Filipina Changemakers***, a virtual initiative that highlights the lives and contributions of influential Filipina leaders. Developed by **Ms. Shem Tolentino** and **Ms. Isobel Quiñones** in collaboration with students from the **Bachelor of Multimedia Arts (BMMA) program**, the exhibit transforms historical narratives into an engaging interactive experience. Through this digital platform, visitors are invited to **explore** inspiring stories that celebrate the strength and impact of Filipinas across different fields and communities.

One of the featured figures in the exhibit is **Bai Bibyaon Ligkayan Bigkay**, a respected Manobo leader who dedicated her life to protecting her community's culture and ancestral lands. Her story, alongside those of other remarkable Filipina changemakers, reminds viewers that **leadership often emerges from courage**, **perseverance**, and a strong sense of **purpose**.

By presenting these narratives through an interactive virtual format, the exhibit encourages participants to **connect** with history in a more immersive and meaningful way. The initiative also highlights the **creativity and technical skills** of BMMA students who helped bring these stories to life through multimedia design. As the celebration of Women's Month continues, HerStory stands as a tribute to the enduring influence of Filipina leaders and a reminder that their stories continue to **inspire new generations** to lead with courage and compassion.
