The screenshot shows the VitalSource Bookshelf sign-in interface. At the top, the Bookshelf logo is displayed. Below it, the heading "Sign In" is followed by a link for new users: "New here? [Create a VitalSource Account](#)". There are two input fields: "Email" and "Password". The password field includes a visibility toggle icon. A link for "Forgot Password?" is positioned below the password field. A prominent blue "Sign In" button is centered below the fields. Below the button, the text "OR" is centered. Two additional buttons are shown: "Continue with Google" and "Continue with Apple".

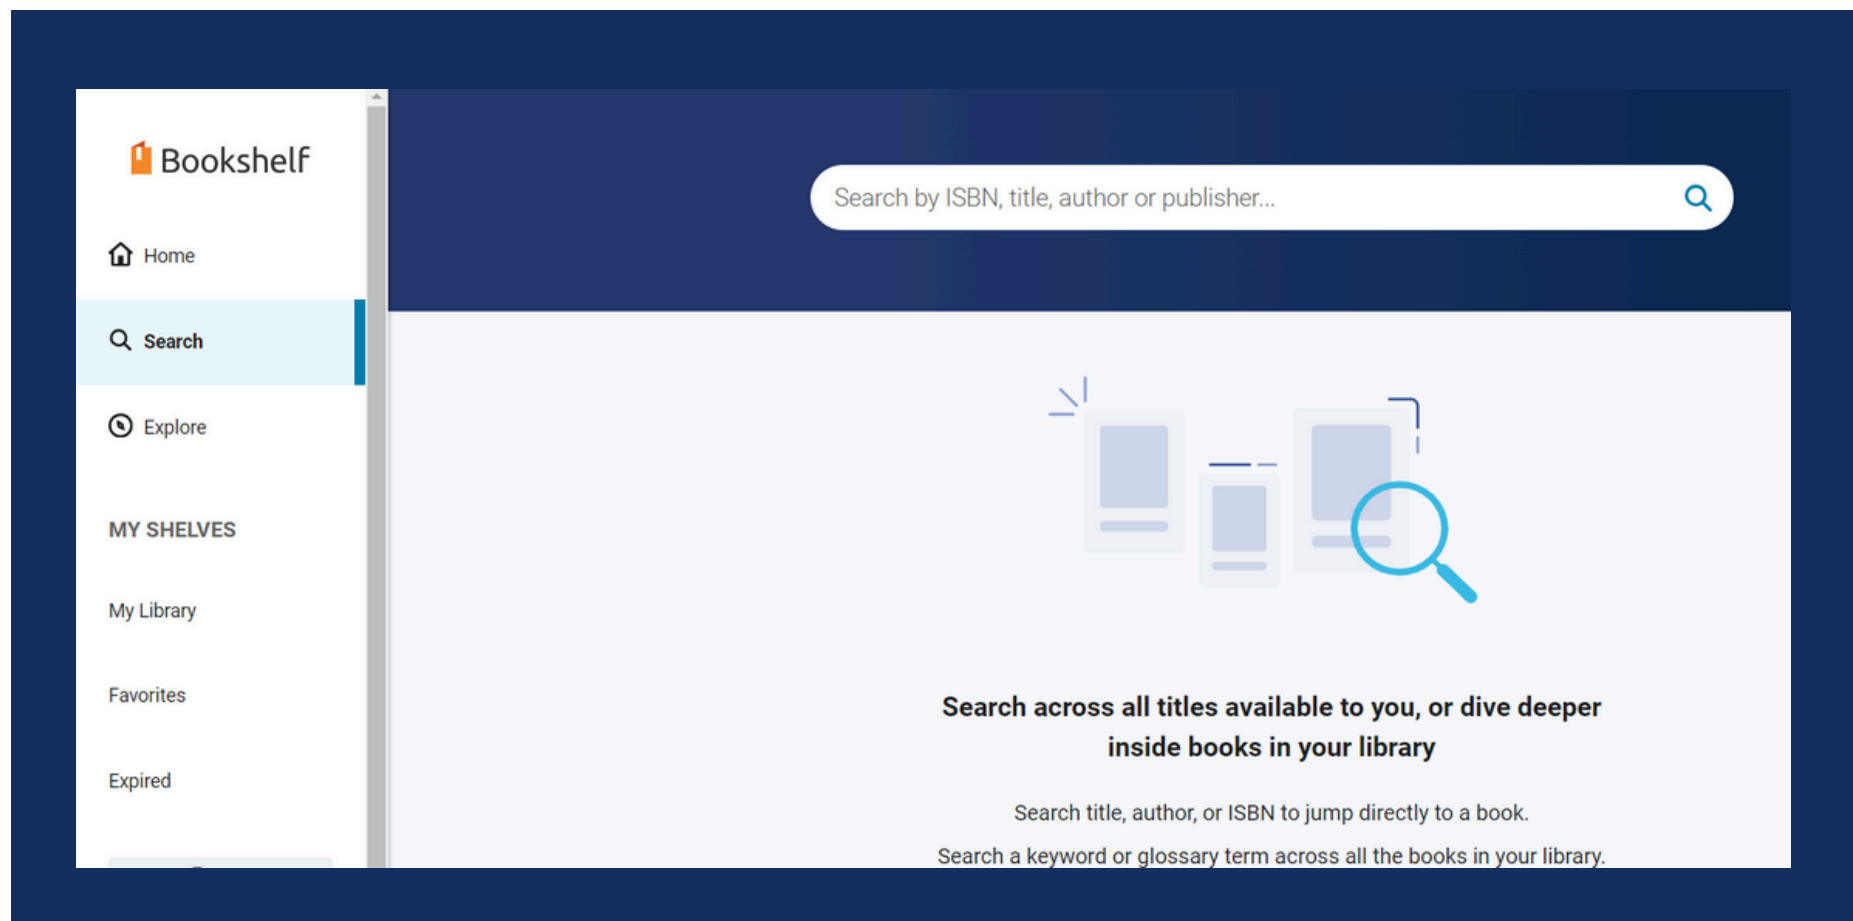

2. Create your account in VitalSource Bookshelf: Explore using your institutional email.

The screenshot displays a digital library interface. On the left is a navigation sidebar with 'Bookshelf' at the top, followed by 'Home', 'Search', and 'Explore'. The main content area is titled 'All Title Results' and shows a search result for the book 'Psychology: why it matters' by Richard Wiseman. The book cover is visible on the left, and to its right, the title 'Psychology' is displayed in a bold font, followed by the author's name 'Richard Wiseman' and the publisher 'Polity'. A small 'eBook' tag is present above the title. Below the title and author information is a descriptive paragraph: 'You are remarkable: You experience a vast range of thoughts and feelings, including falling in love, remembering last Tuesday, and contemplating the meaning of life. And you can carry all sorts of astonishing behaviours, such as sauntering down the street, singing in falsetto and riding a unicycle. Psychologists study every aspect of how you think, feel, and behave.' To the right of the book details are two buttons: 'Open Book' (a solid blue button) and 'View Details' (a white button with a blue border). A three-dot menu icon is located to the right of the 'Open Book' button.

4. To view the details of the book, click the **View details** button.

The screenshot displays a digital library interface. On the left is a navigation sidebar with options: Bookshelf, Home, Search, and Explore. The main content area is titled "All Title Results" and shows a search result for the book "Psychology" by Richard Wiseman, published by Polity. The book cover features the title "PSYCHOLOGY" in large letters and "why it matters" in a smaller font below it. A blue "eBook" tag is visible above the title. To the right of the book information are two buttons: "Open Book" (highlighted in blue) and "View Details". A descriptive paragraph below the book information reads: "You are remarkable: You experience a vast range of thoughts and feelings, including falling in love, remembering last Tuesday, and contemplating the meaning of life. And you can carry all sorts of astonishing behaviours, such as sauntering down the street, singing in falsetto and riding a unicycle. Psychologists study every aspect of how you think, feel, and behave."

5. Start reading the book by clicking **“Open Book”**.
